SMALL-SCALE PUBLIC TENDER: DIFFERENTIAL PROTEIN ABUNDANCE STUDY OF BARK BEETLE TISSUES

The above-mentioned Contracting Authority hereby provides you with the following explanation of the tender conditions relating to the above-mentioned small-scale public tender.

Questions from the Tenderer:

We want as a Swedish university department participate in the public contract https://zakazky.czu.cz/contract_display_1833.html

However, the framework agreement is not compatible with our legal obligations and we would like to replace/update it according to the attached document in order to be able to participate.

Would it be possible to send the document as attachment E to the tender and participate with this amendment, or is it required to use the exact framework agreement provided with the procurement documents (in the later case we cannot participate in the procurement process)?

Explanation of Tender Conditions No. 3:

We won't replace/update the framework agreement.

Due to the later publication of the answers to the Tenderer's questions, the Contracting Authority shall extend the deadline for submission of Tenders. The new deadline for submission of tenders shall be **22 September 2022 before 10:00**. The remaining published information shall remain unchanged.
