EXPLANATION OF THE PROCUREMENT DOCUMENTS II.

Pursuant to Section 98 of Act No. 134/2016 Coll., On Public Procurement, as amended (hereinafter referred to as the "Act"), the aforementioned contracting entity shall provide you with the following explanation / amendment or supplement to the tender documentation "**Termite Gut Metagenomes Sequencing**".

Wording of the request for explanation of procurement documents No. 1:

Could you please confirm that there is no mistake in the declared tender value nor in the requested number of samples? The estimated value of procurement is 2.500.000 CZK and the required number of lanes- 120, which means about 20833 CZ per lane. As there is a serious discrepancy between the value of procurement and the subject of procurement, can we confirm that a) declared value is correct and/or b) requested number of lanes is correct.

The explanation of the procurement documents No. 1:

Both, the price and the number of requested sequencing lanes on NovaSeq platform are correct. We plan to deliver 120 libraries for sequencing, each library on separate lane. We do not confine the price by our estimate.

Best regards
